One Hour of Category 1A CME anticipated for each seminar. Please check off each location above for which you wish to register.

Dear Colleague...

Few medical conditions are more frustrating to the average primary care physician than controlling chronic pain. Over the past two years, many legal, medical, and ethical issues have developed in regard to the proper treatment of the patient with a chronic pain syndrome.

Because of the need to assist in the care of these patients, we have requested and received an unrestricted educational grant from Purdue Pharma to establish a series of seminars across Illinois. These programs are approved for Category I AOA and AAFP continuing medical education.

We hope that you will benefit from this program, sponsored by the Illinois Osteopathic Medical Society and also supported by Illinois Academy of Family Physicians.

Robert G. Good, DO, FACOI
President
Illinois Osteopathic Medical Society

Susan Rife, DO
President
Illinois Academy of Family Physicians
